

United Community Action Partnership (UCAP) is a community leader in addressing poverty by helping people, changing lives and improving communities.

We currently have one Consumer Board member position opening on our Board of Directors and are looking for an individual who is interested in representing Cottonwood County.

Our Consumer Board members need to live in the county where we have an opening and have either participated in or are income eligible for a UCAP program.

Please consider being a part of making a difference in your community. If you would like to learn more contact Christy at (507) 537-1416 ext 2155 or Christy.Lundberg@unitedcapmn.org

We'd appreciate the opportunity to visit with you!
